EDUARD ESPINET

8:00-8:15 Institutional welcome: A.Arcocha,C. Bettonica.
Presentation of the course: C. Lazzara
Honorari presidents: J. Pujol-Gebellí, A. Torres

8:15-9:00 MANAGING POSTOPERATIVE GERD AFTER BARIATRIC METABOLIC SURGERY

Moderators: G. Navarra, G. Prager, R. Corcelles

- GERD after SG: Evolution of the problem and the solution – V. Valenti
- GERD after RYGB: Myth or reality? – P. Ortega
- GERD after SADIS: biliar or acid? – D. Acín

9:00-11:00 LIVE SURGERIES

Moderators: A. Torres, G. Prager

- RYGB+Hiatal hernia repair – R. Cohen
- SADIS to RYGB – M. Nora

11:00-11:30 COFFEE BREAK

11:30-12:15 SAVING THE GATEKEEPER: IS PYLORIC PRESERVATION TRULY WORTH IT?

Moderators: A. Garcia Ruiz de Gordejuela, A. Casajoana

- YES – L. Sobrino
- NO – A. Ibarzabal
- Results of functional analysis of right gastric artery ligation – M. Guimaraes

12:15-14:00 LIVE SURGERIES

Moderators: J. Osorio, A. G. Ruiz de Gordejuela

- SADIS with right gastric artery ligation – C. Lazzara
- SADIS whitout right gastric artery ligation – A. Sanchez-Pernaute

14:00-15:00 LUNCH

15:00-15:45 HOW TO GENERATE EVIDENCE OF THE NEW PROCEDURES? PROS AND CONS.

Moderators: A. Garcia Ruiz de Gordejuela, A. Torres

- National RCT - M. Robert
- National Registry – G. Navarra

15:45-17:30 LIVE SURGERIES

Moderators: N. Di Lorenzo, C. Lazzara

- Transit Bipartition –J. Pujol
- Revisional Transit Bipartition –A. Ibarzabal

LIVE ENDOSCOPIES

- connection with “ClinicaDiagonal”:
Bariatric endoscopies - E. Espinet
Role of endoscopy in obesity treatment:- surgeon
endoscopist vision - J. Osorio / E. Espinet

17:30-19:00 PHARMACOLOGICAL AND MULTIMODAL OBESITY TREATMENT

Moderators: M. Dolores Frutos, V. Valentí, J.V. Ferrer

- The new vision of obesity – R. Cohen
- Surgery and Medical treatment: friends or foes? G. Prager
- Role of endoscopy in the multimodal approach to Obesity - E. Espinet
- Combination of GLP-1 and BMsurgery: before and/or after- N. Vilarrasa
- Real word GLP-1 agonists: where do we stand - J. Vidal
- Effects of surgical treatment on liver pathology – F. Sabench
- Nutritional effects of Medical treatment: is sarcopenia a reality? – V. Moize

8:00-9:00	IMPACT OF TECHNOLOGY IN BARIATRIC AND METABOLIC SURGERY: THE FUTURE STARTS NOW <u>Moderators:</u> A. G. Ruiz de Gordejuela, A. Sanchez-Pernaute, R. Cohen • ERAS and ambulatory surgery: follow-up on an ambulatory robotic program – A. Torcivia • DA Vinci 5: what to expect, future is right here – R. Corcelles • AI and MBS: How to use it – B. Pascotto • Magnetic BMS: here to stay? -YES: A Torres -NO: B. Dillemans
9:00-11:00	LIVE SURGERIES <u>Moderators:</u> R. Corcelles, P. Ortega • R-Robotic RYGB – Higa technique- A. Torcivia • R-Robotic RYGB- Lonroth technique – S. Azagra
11:00-11:30	COFFEE BREAK
11:30-12:00	TOWARDS A NEW GOLD STANDARD? -WHAT EVIDENCE TEACH US: RYGB VS SADI-S <u>Moderators:</u> C. Lazzara, J. Osorio, A. Sanchez-Pernaute • Literature revision RYGB Vs SADIS: L. Sabatella • Randomized Clinical Trials evidence – M. Robert • Ongoing randomized clinical trials RYGB Vs SADIS: BYPSADIS and BAR3 – L. Sobrino
12:00-14:00	LIVE SURGERIES <u>Moderators:</u> D. Acín, S. Azagra, N. Cassinello • Robotic SADI as second step surgery – J. Osorio • Robotic revisional surgery, from sleeve to RYGB – J. Tarascó • Intraoperative endoscopy - M. Lapeña
14:00-15:00	LUNCH
15:00-17:30	Moderators: C. Lazzara, J. Osorio, A. Sanchez-Pernaute NEW INDICATIONS FOR METABOLIC AND BARIATRIC SURGERY - Bariatric Surgery and transplantation – A. G. Ruiz de Gordejuela - Bariatric Surgery and female infertility – C. Ballesta-Ferrer - Bariatric Surgery and complex abdominal wall hernias – C. Ferrigni - Bariatric surgery and tromboembolism risk -D. Merino MANAGEMENT OF DIFFICULT SITUATIONS –VIDEO SESSION
17:30-18:00	Closure of the course
